ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R04-OAR-2013-0223; FRL- 9813-7]

Approval and Promulgation of Implementation Plans; Georgia; State Implementation Plan Miscellaneous Revisions

AGENCY: Environmental Protection Agency (EPA)

ACTION: Proposed rule.

SUMMARY: EPA is proposing changes to the Georgia State Implementation Plan (SIP) submitted by the Georgia Environmental Protection Division to EPA in four separate SIP submittals dated September 15, 2008, August 30, 2010 (two submittals), and December 15, 2011. In the portions of the submittals being approved today, the SIP revisions update the Georgia SIP to reflect EPA's current national ambient air quality standards for sulfur dioxide, nitrogen dioxide, ozone, lead, and particulate matter found in the Code of Federal Regulations. In the Final Rules Section of this Federal Register, EPA is approving the State's implementation plan revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: Comments must be received on or before [insert date 30 days after date of publication in the Federal Register].
